PRASHANT RAJ

Java Full Stack Developer | Associate Software Engineer

Phone: +91 9368468838 Email: praj07022@gmail.com LinkedIn: linkedin.com/in/prashantraj GitHub: github.com/praj07022

PROFESSIONAL SUMMARY

Java Full Stack Developer with hands-on experience in Java, Spring Boot, Spring MVC, Spring Security, Spring AOP, JPA, Hibernate, REST API development, React.js, SQL and MySQL. Experienced in building layered web applications, developing and testing REST APIs, implementing CRUD workflows, database persistence, authentication and authorization, and using Git/GitHub and Postman. Seeking an entry-level Associate Software Engineer opportunity to contribute to software development, testing, debugging, integration and continuous learning.

TECHNICAL SKILLS

Programming: Java, SQL, JavaScript, Python

Core Java: OOP, Collections Framework, Exception Handling, Multithreading, Data Structures and Algorithms

Backend: Spring, Spring Boot, Spring MVC, Spring Security, Spring AOP, REST APIs

Database & Persistence: JPA, Hibernate, MySQL

Frontend: HTML5, CSS3, JavaScript, React.js

Tools: Git, GitHub, Postman, Power BI, Microsoft Excel

Software Concepts: MVC Architecture, Layered Architecture, CRUD Operations, Authentication & Authorization, API Integration, SDLC

PROJECTS

Student Management System

Technologies: Java, Spring Boot, Spring MVC, Spring Security, JPA, Hibernate, MySQL, REST API

- Developed a full-stack student management application for managing students, courses and academic data through CRUD-based REST APIs.
- Implemented layered architecture using Controller, Service, Repository and DTO components with MySQL persistence.
- Tested REST endpoints using Postman and maintained source code with Git and GitHub.

E-Commerce Web Application

Technologies: Java, Spring Boot, Spring MVC, Spring Security, JPA, Hibernate, MySQL, React.js, REST API

- Designed an e-commerce application architecture covering product, category, customer and order management.
- Developed REST APIs for product and order workflows using JPA, Hibernate and MySQL.
- Integrated Spring Security access control with a React.js frontend and backend REST services.

WORK EXPERIENCE

Data Analyst / Power BI Intern — Smart Bridge, Hyderabad | July 2025 – August 2025

- Developed an interactive Power BI dashboard for plant yield prediction using a Kaggle dataset and collaborated with stakeholders to deliver milestones.

AI Foundations Associate — Oracle | August 2025

- Earned Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate certification after completing cloud-based AI labs covering automation models, data workflows and vector queries.

Software Engineering Job Simulation — JPMorgan Chase & Co., Forage | July 2025

- Completed software engineering simulation tasks involving project setup and configuration, Kafka integration and an H2 database.

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate — Oracle, August 2025
- Power BI Data Analytics — Smart Bridge, August 2025
- Getting Started with Data — IBM SkillBuild, July 2025
- Software Engineering Job Simulation — JPMorgan Chase & Co., Forage, July 2025

EDUCATION

Bachelor of Technology, Information Technology — Rajkiya Engineering College, Banda | 2023 – 2026

Diploma, Computer Science Engineering — Government Leather Institute, Agra | 2020 – 2023

Intermediate and High School — Ivey International School, Firozabad | 2017 – 2020
